

Lawn Chair Gardener Dawn Pape

Author, educator, speaker and self-proclaimed “lawn chair gardener,” Dawn Pape shares her knowledge and passion about eco-friendly gardening and challenges audiences of all ages to reconsider standard yard practices. Dawn’s small company has a big goal: make the world a better place—one yard at a time. And she proudly shares her profits with community organizations.

Dawn has a knack for covering heavy environmental concerns with levity, brevity and a sense of humor—even puppet shows! Not only does Dawn entertain and inspire her audiences to reduce their environmental footprints, audiences say they know where to start because Dawn gives practical how-to’s.

Dawn has written a gardening guide and two children’s books about pollinating insects. She also wrote an educator’s guide to accompany *Mason Meets a Mason Bee*. Dawn has a Masters in Environmental Education, founded the Blue Thumb-Planting for Clean Water® program, and has served as a Master Gardener volunteer for 15 years.

WHAT PEOPLE ARE SAYING ABOUT HER LATEST BOOK: *Mason Meets a Mason Bee with K-5 Educator’s Guide*

“This is a great book—not only for kids, but also for parents and teachers. Kids will enjoy learning trivia, while adults stand to learn as much as the kids, and will appreciate the resources in the back as well. Best of all, parents may face pressure from their kids to actually use those resources. The rhyming style of this book reminds me of Dr. Seuss, and *The Lorax* in particular for its environmental message. The rhymes are clever and well thought-out... The book has a clear message—protect the bees—and delivers it effectively. . .”

— Joel Gardner, University of Minnesota Bee Lab Research Associate

“This book is a must have in all science classrooms. The precise photographs guide the story of Mason’s journey through observation and scientific inquiry with mason bees. The creative rhythm and rhyme draws listeners in with every page turn. Be sure to take advantage of the additional information from the educator’s guide and resources to extend learner’s love and quest for knowledge. Creative and informative for all ages, Kindergarteners love it!”

— Kara Cassidy, Kindergarten Teacher

Book Title	Price	Quantity	Total
Mason Meets a Mason Bee Discover how Mason conquers his fear of bees and feels like a superhero on a mission to help the bees after he meets a talking mason bee. Although geared for elementary schoolers, adults may learn something new as well.	\$9.99		
Mason Meets a Mason Bee with K-5 Educator's Guide The above story book with ready to use lessons for classroom instructors, grandparents and Scout leaders	\$19.99		
Thank You, Bugs! This fun book teaches young children the positive and negative aspects of bugs. It reinforces that even though some bugs are creepy, many bugs (especially pollinators) are extremely important in making our food.	\$9.99		
A Lawn Chair Gardener's Guide This book offers a road map for the earth-conscious gardeners who don't have a lot of time to spend in the yard, but desire to grow edible and beneficial plants. Pape's low-maintenance "lawn chair" gardens create habitat, conserve water, reduce the gardener's carbon footprint, and eliminate the need for chemicals.	\$11.99
